Docket No.: 27-8915

**IN THE UNITED STATES PATENT AND TRADEMARK OFFICE**

In re Application of

Natalie Lu

Serial No.: 10/629,749

Group Art Unit: 1641

Filed: 07/30/2003

Examiner: Haq, S.

For: Monoclonal antibodies specific for crack cocaine metabolites, a cell line producing the same, and crack cocaine conjugates.

**DECLARATION ON DEPOSIT OF SAMPLES IN COMPLIANCE WITH 37 C.F.R. §1.808**

Honorable Commissioner for Patents

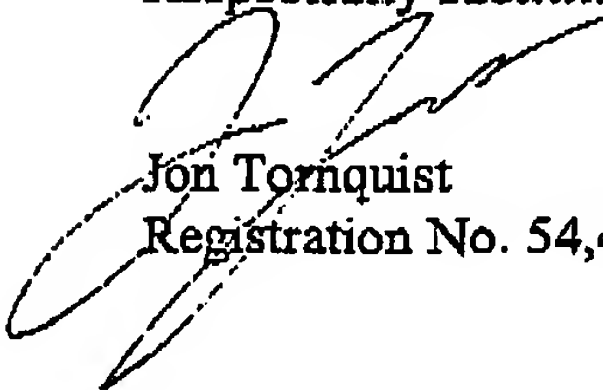

Sir:

Applicant declares that the hybridoma cell line 181A356.1, described in patent application serial No. 10/629,749, was deposited on March 28, 2003, under the conditions of the Budapest Treaty on the International Recognition of the Deposit of Microorganisms for the Purposes of Patent Procedure with American Type Culture Collection (ATCC) located at 10801 University Blvd., Manassas, VA 20110 and was assigned the accession number PTA-5096.

As certified by Marie Harris, Patent Specialist at ATCC, the viability of the samples was tested on May 20, 2003 and the samples were found viable. The materials will be made available for a term of at least thirty years or at least five years after the most recent request for the furnishing of a sample of the deposit was received by the depository, whichever is longer.

Except as permitted by 37 C.F.R. §1.808(b), no restrictions upon the availability of the deposited material exist.

Respectfully submitted,

Jon Tornquist  
Registration No. 54,497

I hereby certify that this correspondence is being facsimile transmitted to the United States Patent and Trademark Office, Fax No. (571) 273-8300 on June 12, 2006 and to examiner Haq, S. at Fax No. (571)-273-6103.
